Viewed through a camera lens, history is a montage of personalities and events — grim and funny, significant and frivolous, local and universal. The turning of a year provides an appropriate cue; the following pictures convey some of the Images of 1972.

The 1973 Tantasquan hopes that in the years to come when you look through this yearbook, that these pages will help you to remember what went on in the world around you the year you graduated from high school.

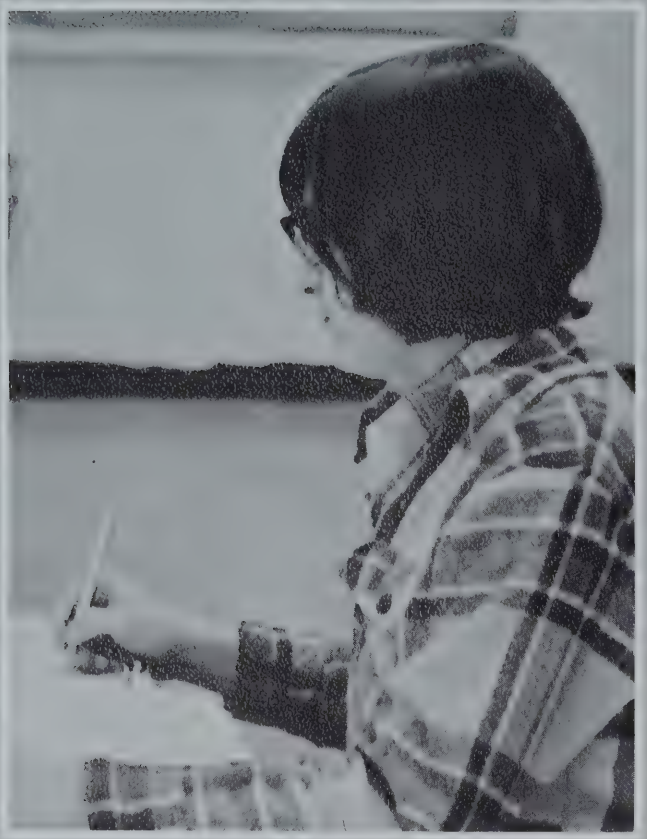
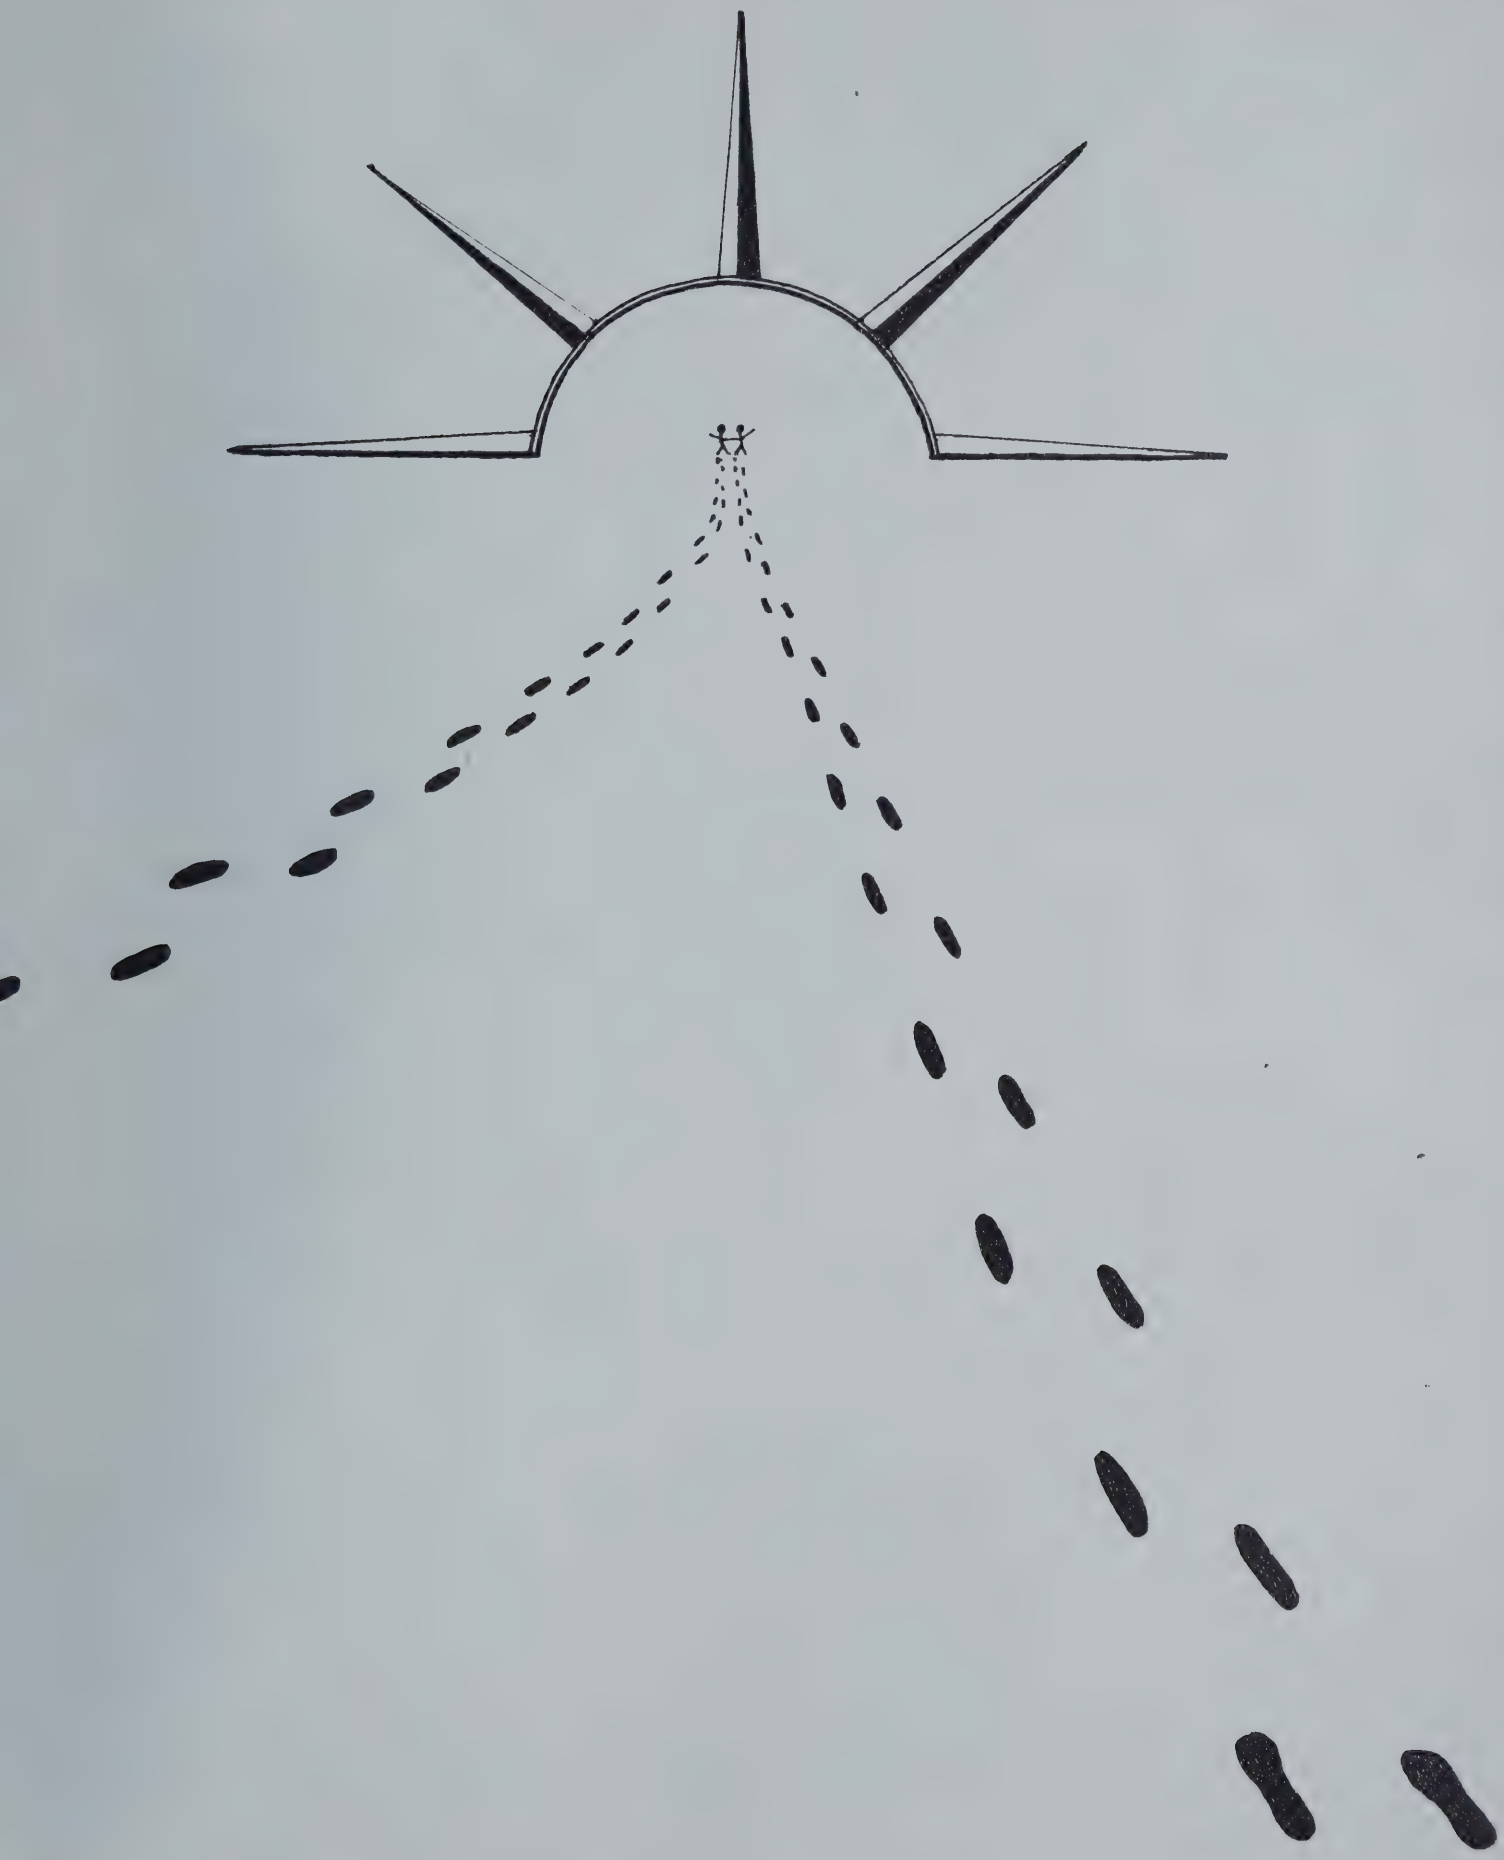
This is not our prison, but our home.

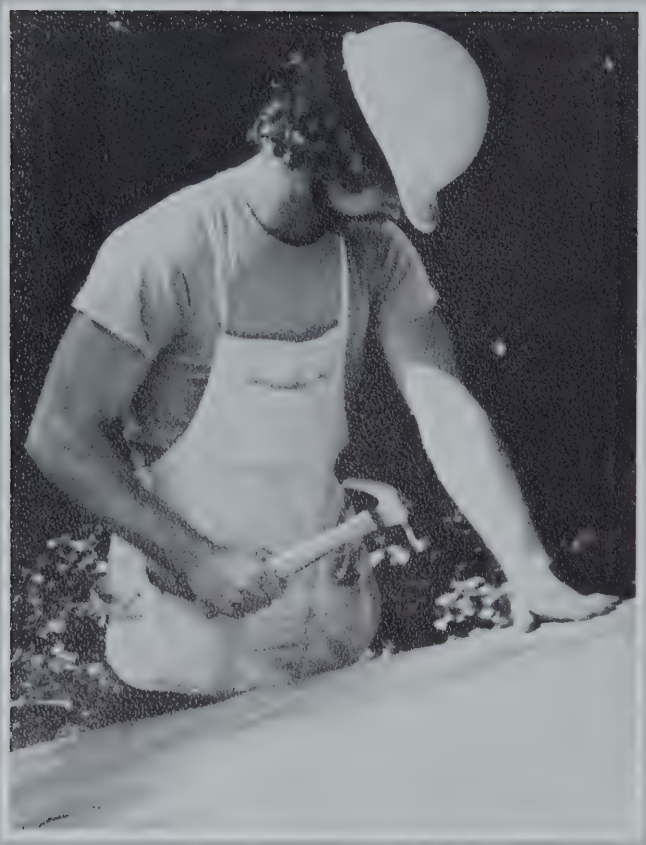


It is the road we must walk, and

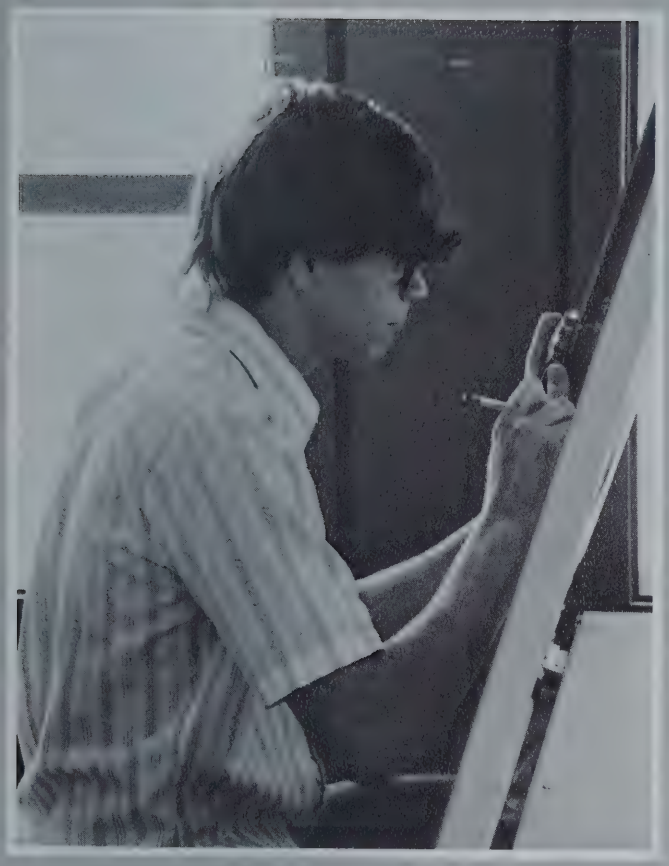
the walking of it is called life.

Since we will walk this road but once





how important it is that we should walk it



with some purpose that we can call our own.

WE ARE THE

SENIORS!

Looking Back Now That It's Over

The following essays were written by three seniors. They reflect their personal thoughts as they look back at their past six years at Tantasqua.

When I first came to Tantasqua, it seemed to be a huge place, packed full of people, every one of them bigger than I. Actually I guess that's just what the situation was. I was scared for a while but eventually I got settled and began to make new friends. I found the teachers to be really understanding and quite dedicated in their job of getting something into those excited, seventh-grade heads. As the years went by, today it seems as though they sped by, I made more acquaintances with teachers and fellow students alike. In my freshman year, I began to enjoy a somewhat limited elective schedule which became more flexible in future years. Although I was not very athletic, I did enjoy the games that I saw and wish that I could have seen more.

Tantasqua gives any student many opportunities, but anyone wishing to take advantage of these opportunities must first give himself to the school and its atmosphere. During my time at THS, I have experienced times when there was hardly any spirit and others when there was really a lot of spirit, but as I look back, the days of high spirit far outnumber the low spirit days.

When I think about it, I've got to admit that I really wouldn't want to have gone to any other school. It really has helped me grow both academically and in everyday common sense.

by Bill Allen
National Honor Society

Now that I am a senior, I can look back over the six years and realize how much my class has changed, most of us for the better but some for the worse.

I have participated in soccer and baseball and wish that I could play on the high school level for a couple more years. When I first started participating in team sports, I learned how important it was to get along and work with other people. In my senior year soccer, I found that I enjoyed watching the younger guys getting together for the first time and trying to operate as a team.

When I leave, I will remember all the people who have helped to influence my thoughts, opinions, and decisions. I would like to thank them all.

by Doug Warner
National Merit student,
co-captain, soccer.

Well, life for me at Tantasqua began in September of 1967. It was indeed a great challenge (compared to elementary school) finding a classroom and then remembering the next day where you had been the day before. This year passed rather quickly. Eighth grade was a big year because it was the year that we elected our first class officers. This was the year that I became class treasurer. I'll have to admit now, that my freshman and sophomore years really didn't lead to anything terribly exciting — unless you can consider carwashes at St. Anne's exciting?! . . .

Oh yes, my junior year, well, this is the year my job as treasurer started to become fun. We did many projects, such as our famous "Spaghetti Supper" or whatever you want to call it and selling tickets to the Teacher's Play. A word to the wise — never do either of these as a money making project!

Now we are well into our senior year, our final year in school. Many of us will probably never see each other again, but we will at least have this book to remember each other with. I can honestly say that I am quite proud to have been a part of this class for the last six years and I pray that everyone will cherish these years that we spent together as I do now and always.

REMEMBER THE PAST . . .

. . . AS WE LOOK TO THE FUTURE.

The

Art of Staying Young

The art of staying young depends upon staying youthful on the inside, in mind, heart and spirit . . . The Fountain of Youth is within you! . . . Stay young by continuing to grow. You do not grow old, you become old by not growing. Stay young by hanging on to your dreams . . . Stay young by maintaining a cheerful attitude . . . Stay young by forcing your mind out of the old ruts . . . See new places, read new books, try new hobbies. Increase the depth of your life . . . Stay young by tackling new projects . . . Stay young by doing good. Work for worthy causes in your city, state, nation, and world.

JUNIORS

It is the wish of the Junior class that their section be dedicated to the memory of their classmate *Mark Smith*.

"For everything there is a season, and a time for every purpose under heaven: a time to be born, a time to die; a time to plant, and a time to pluck up what is planted; a time to love, and a time to hate; a time for war, and a time for peace."

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no steps had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence;
Two roads diverged in a wood, and I —
I took the one less traveled by
And that has made all the difference.

EIGHTH GRADE

Where are you?
My heart cries out in agony.
In my extended hands
I give my heart with
All its cries — its songs — its love.
But it's too late.
You are not here to see its sorrow
Or hear its throbbing of your name.
Perhaps it's better that way
You who love laughter.
Did you ever know I love laughter, too?
Oh, my beloved,
Where are you?

The football team had another successful season with a record of six wins and three losses. Come-from-behind victories against Bartlett and Westboro, and a last second victory against Auburn showed that the team could win when the chips were down. Coach Farland's use of many underclassmen insured bigger and better things to come in the future.

The soccer team completed the most successful season of its five year history as a varsity sport. With the departure of seven starters from this year's "10-6-2 Club" things could be tough but a strong J.V. team holds promise for the future. Highlights of the season included: the first night game in Border Conference history as Tantasqua took on Bartlett at Memorial Field in Webster. The team played an outstanding game but lost 1-0 as Bartlett's goal came with 1 minute and 31 seconds remaining. Bob Baillargeon played some exciting goal since his sophomore year and will be sorely missed. Leading scorers for Tantasqua were Craig Pease with fourteen goals, followed by Pat Martin with nine, and Bruce Pote with eight. Next year's Co-captains are: Bill Wyman and Mike MacFadden.

Cross Country is the total endurance sport. During the course of a race runners must withstand torn muscles, shin splints, occasional broken bones, and little or no support from students or faculty. However, with the much needed help that was provided in great quanities by Coach Crockett, the team stuck together through an extremely tough season. Good things are foreseen in the future for the team considering that the seventh and eight grade team finished their season undefeated. With a little hope maybe next year someone will notice that there is a team out there and they are working as hard as any other team.

BASKETBALL

The basketball team finished a very disappointing season under first year coach Jim Allen. Inexperience was a big factor in some of the last minute losses suffered by the Warriors. Coach Allen used many young players on this year's squad like Sophomore Joe Bansfield, Juniors — Tom Warman and Chuck Soper, so things could look bright for the up coming year. Co-captains Peter Dowling and David Longino along with Senior Bruce Pote led the team throughout the year and will be sorely missed.

They should really be congratulated, but there was a great
opportunity for the students, faculty and players to show their
gratitude last Saturday at the David Prouty Cheerleading Tour-
nament. It would only take one hour, is that too much to ask in
return for what the girls had done all year? I don't think so but
at the end of the tournament, the girls were in tears. Not because
they placed sixth but because there was only a handful of fans
from SHS and not one was a player from any athletic team!

But let's look at Tantasqua Regional High School, a school that
deserves to have its name written in bright huge letters. Here's a
school with more spirit than any around. What did they do that
was so fantastic? They had a gigantic rally for the cheerleaders,
the players put on skits and entertained, like the girls have done
all year.

Then they presented the girls with roses and took them out to
dinner. And that isn't all, at the Prouty Tournament they had more
students than you could count. Most of the football and basketball
players, and much of the student body. I thought I even saw their
coach. They had the largest crowd there, plus they presented the
girls with flowers again That's spirit with a capital "S".

Now here is the question: Where was the SHS student body?
Where were the football and basketball players that these girls ch
supported so faithfully the whole year? Where was our athletic
director and our "Coach of the Year?"

Upon returning to Southbridge that night I went to a dance
at the high school and what was the first thing I saw as I entered
the gym? Basketball players and football players standing around!

So, our basketball team will go to Europe and both the basket-
ball and football teams will go on with fantastic seasons behind
them and our cheerleaders will go on unmentioned.

I think an award should be given to the school with the most
spirit and that award should be given to Tantasqua Regional
High School. congratulations to the girls (they took third place)
and Southbridge High should be renamed "The School with Little
Spirit" and our teams should be left without cheerleaders next year.
But our girls wouldn't think of doing this, they're proud anyway
and I'm proud of them

Thank you. . A SHS student.

letter does bring out a good point, though. Maybe some
of the story would like to comment? Actua

The baseball team completed one of its most successful seasons last year. Experience was the key as nearly all the players had played during 1971's rebuilding year. Good pitching complimented a solid hitting attack as the Warriors rolled up an 11-4 record. The team became the first to represent Tantasqua in the District post-season playoffs, losing in the first round to Shrewsbury, 4-3. With five starters returning and promising J.V.'s coming up, Coach Emrich can look forward to another successful season.

The leader is a great servant . . . The leader assumes that his followers are working with him, not for him. He considers them partners in the work and sees to it that they share in the rewards. He glorifies the team spirit. The leader duplicates himself in others. He is a man builder. He helps those under him to grow big because he realizes that the more big men an organization has the stronger it will be . . . The leader is a self-starter. COUNCIL

Pres; T. Frykenberg, Treas; K. Varnum, Sec; A. Twiss, Parlmentarian; R. Lacy, V-Pres; L. Murray.

Our goals this year, as Tantasqua's Student Council, have sometimes seemed distant and just out of our reach, but we strived together as partners with the same goal, with the common purpose of serving our school, and have spent our year for something that will outlast it. We have had both triumphs and defeats — hopefully next year's Student Council will carry on the flames we have carried, and leave the ashes behind — the ashes are but the pieces of our experience that we could not use.

The Student Council has become through the years, an indispensible organization of service to our school, providing the student body with a democratic form of government, enabling them to have within their grasp a control on the conditions in which we live — this is our school. We constantly strive for improvement — changing our school to fit our changing needs. This is what we have worked so hard for this year — evaluating our school's wants and needs and putting them into action. We remember fun and serious times we've worked for this year — we've enjoyed it, and learned a little more about life from it all. We have provided services wherever there was a need. We have tried to create a spirit and enthusiasm for our school from within. We have listened — hard. And we have worked our way through red tape — all of us — with the same intensity. We have worked as one.

The National Honor Society is a group of approximately forty five students who have maintained at least a B average since the beginning of their sophomore year and have demonstrated the qualities of character, leadership, and service. During the year the National Honor Society assists with various school functions and does tutoring in cooperation with the Guidance Department. The N.H.S. also runs a book fair and occasionally other activities, the proceeds of which go toward two scholarships which are given to two seniors upon graduation.

The yearbook is a culmination of the myriad activities which make up a school year. It is an attempt by a dedicated, hard working staff to recapture — the joys — the sadness — the memories of a fleeting time in every high school students life. We, the staff, hope that this years book will renew those pleasures for the reader in future years.

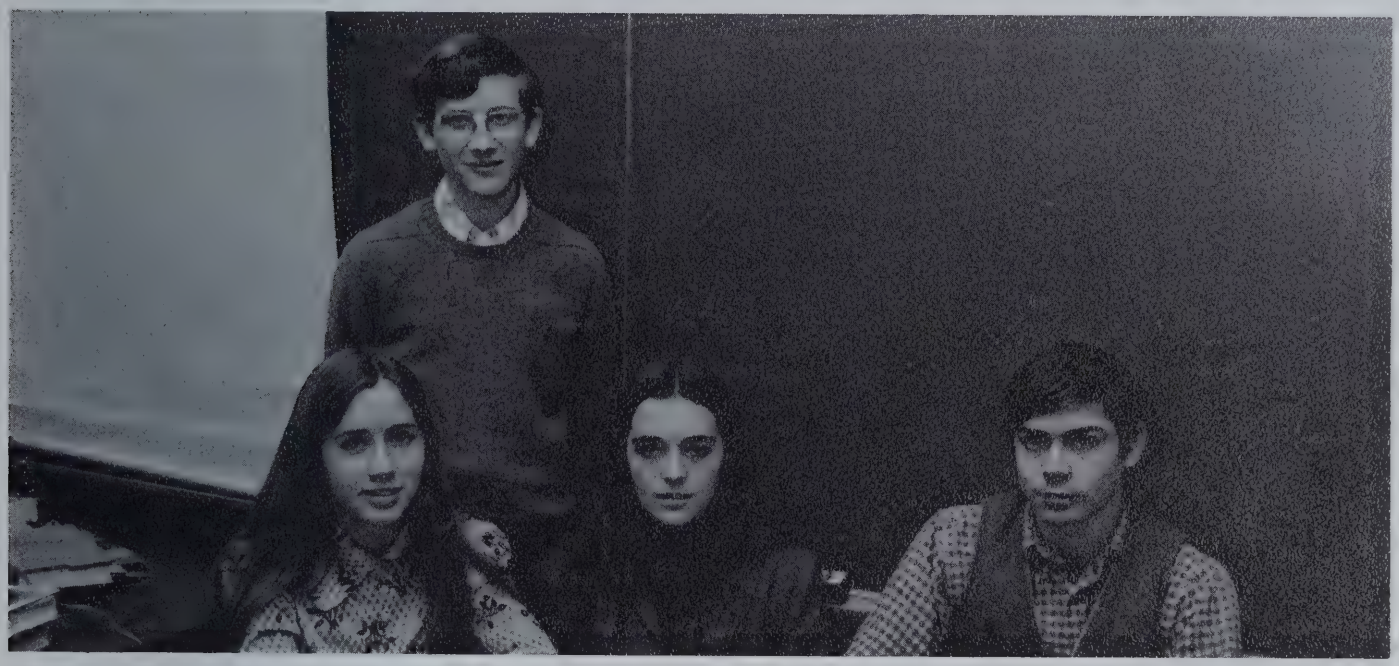
The staff of the Tomahawk consists of six, hard working people. The staff feels that there only issue was of fine quality. The reason for there being only one issue of the Tomahawk is because there is not enough interest on the part of the student body. The members of the Tomahawk are: Chris Fairchild; photographer, Calvin Ellis; business manager, Gerry McManus and Ann Silverberg; reporters, and John Ellis and Joe Earls, editors.

student advisory board to the school committee



M. Roche, W. Allen, S. Whitman, J. Davol, N. Manbeck (not pictured).

This year the Student Advisory Board to the Tantasqua School Committee was increased in membership according to the new state law. The five elected members from the senior high attend all regular meetings bringing up any problems or ideas which they feel will better the school as a whole and which are in agreement with the general student body's feelings. Each member of this board is also a member of at least one of the sub-committees including policy making, physical plant, and long range planning committee. While the students are not voting members, they are able to express ideas and feelings of the student body concerning an issue in question and thus may affect the way in which the school committee votes on that issue.

FUTURE TEACHERS

G. Underwood, A. Toppin, D. Faugno, R. Lacy, M. Souliere, L. St. Laurent, C. Dzura, R. Cawley, M. Griffin.

Mr. Matera (advisor)

The Future Teachers Club has continued its tutoring program at the elementary schools in the area towns. This year the members are also receiving credit for their work under Independent Study. An exchange program is in the planning stages with F.T.A. members from Tantasqua spending a day at a school which offers a distinctive feature such as being a private, a city, or a small town school and then having the members of the F.T.A. at the school we visit spend a day at our school. We hope to discover similarities and differences between such schools and our own. The F.T.A. has also helped to plan a statewide conference to be held in April at Framingham State College.

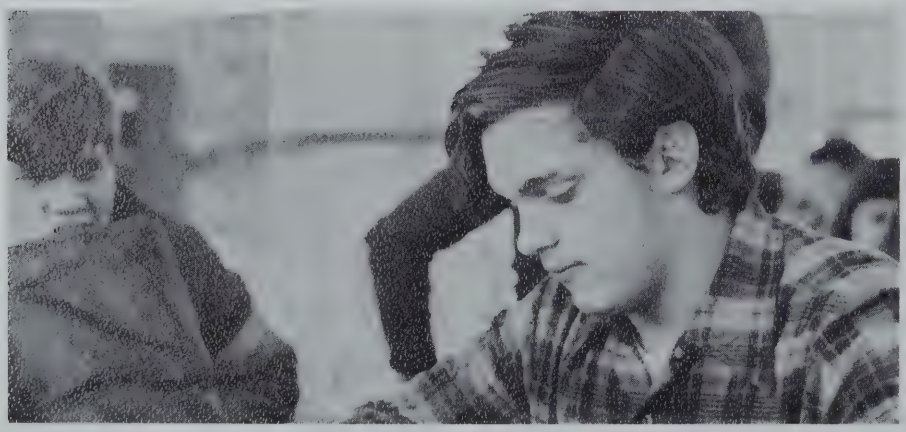
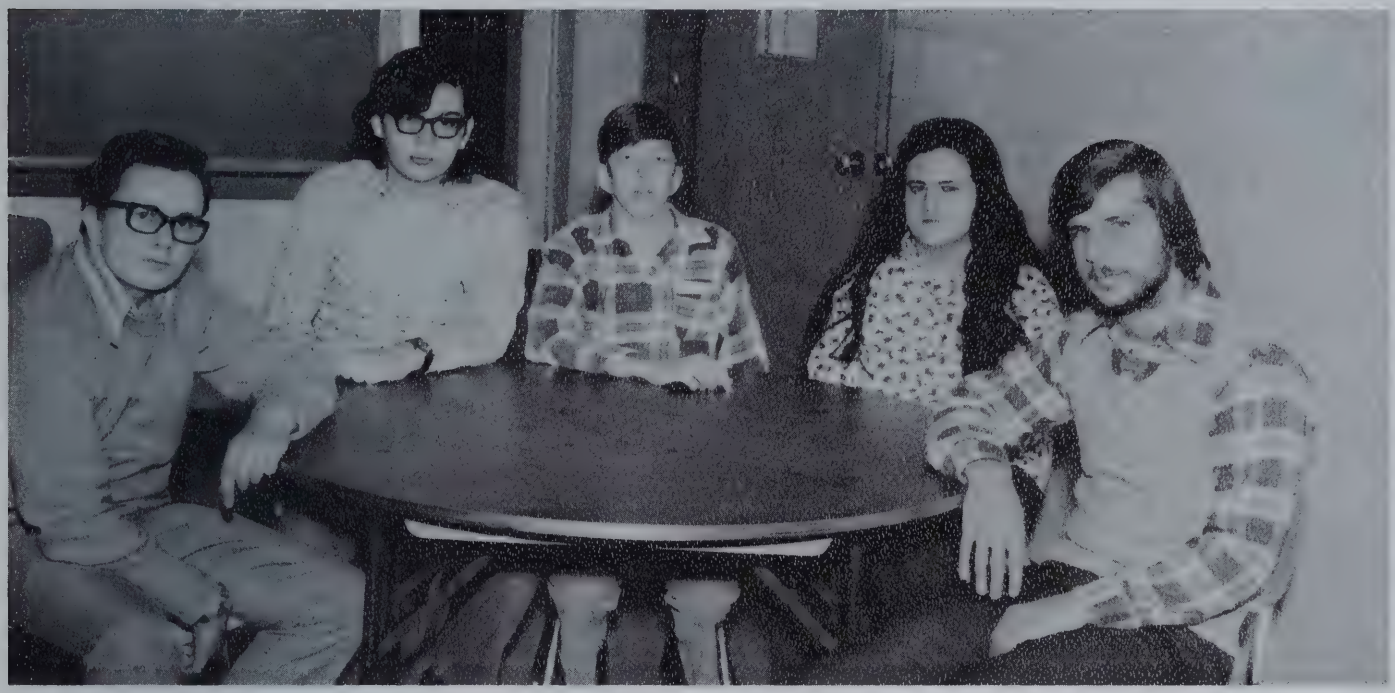
CHESS CLUB

Row 1: T. Rocitti, A. Hayward. *Row 2:* M. Allen, R. Dickinson, B. Reed.

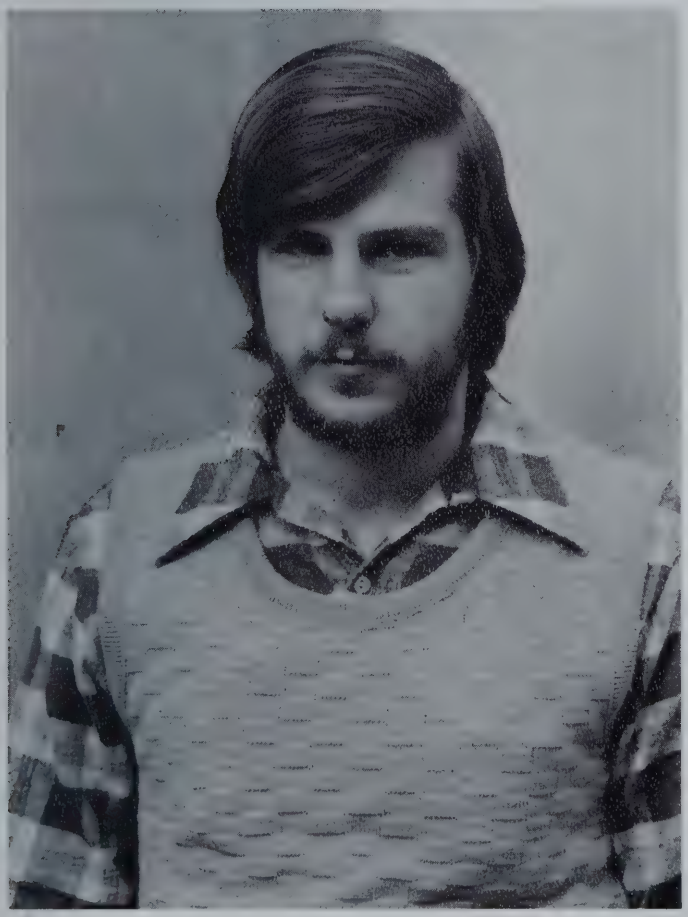


The Chess Club is a newly organized group. They are a student group run only by students, with a student advisor. They teach the fundamentals of chess and arrange matches with other students who are adept at chess.

DEBATE CLUB



B. Reed, R. Dickinson, B. Dupre, D. Faugno, Mr. Bansak.



Mr. Bansak (advisor)

A debate is a very invigorating way to get exercise. The Debate Team is well aware of the fact that many students are not anxious to involve themselves in an exercise that requires so much effort. Many would sooner "tone up" their muscles through sports or other physical exercises. After all, strenght of mind is not visable to the majority of onlookers, so why bother with it. The members of the Debate Team do not agree with the popular trend of thought. They would not be part of the team if they believed that mental exercise should be ignored.

You will notice that physical combat is very often preceded by a verbal argument. In such cases, it appears that clenched fists are only a replacement for dumb tongues. Yet, I suppose, such behavior is to be expected from those with unexercised minds.

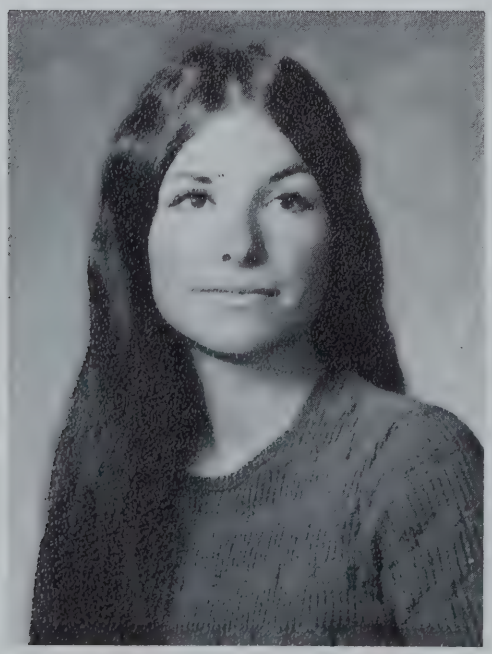
T.V. TEAM

Mrs. Knowlton (advisor)

Row 1: A. Teschner, B. Pote, D. Longino. *Row 2:* W. Allen, K. Varnum.

The Tantasqu T.V. Team is composed of five members, four players and one alternate. The members are chosen from interested students in the junior and senior classes who participate in an oral and written examination. This year the team competed with a Connecticut school on April twenty-fourth on Springfield's Channel 22 *Schools Match Wits*.

DAR



DAR: It is a great honor to be ranked outstanding in leadership, dependability, and patriotism. Each year a senior girl is chosen by her classmates and faculty to receive this honor. This girl represents Tantasqua to the Jedehiah Foster Chapter of the Daughters of the American Revolution. The Class of 1973 wishes to congratulate Miss Debra Tetreault for receiving this award.

Top To Bottom: M. Ruggles, D. Tetreault, D. Adams, J. Beauchemin, G. Barbieri, M. Leibfried, A. Bergman, R. Campbell, R. Lacy, S. Dickson.

The Varsity Cheerleaders are a group of hardworking, spirited girls who cheer for every sport and always keep their smiles. Along with their captains, Debra Adams and Mary Ruggles, the girls captured their thoughts, put them together and exhibited many new cheers and routines. Last year, the girls experienced the excitement of participating in a cheerleading tournament. They won a well-deserved third place.

These girls are best known for their dedication, spirit, and smiles which go along with every sport they cheer for.

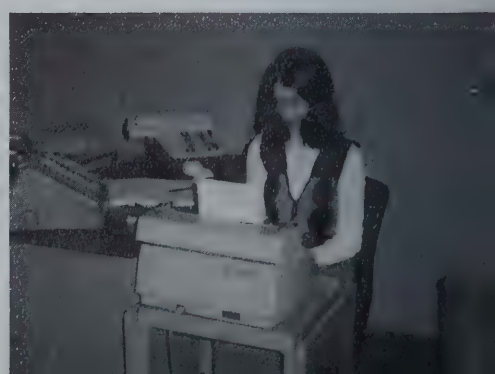
DEPARTMENT

Junior High Chorus

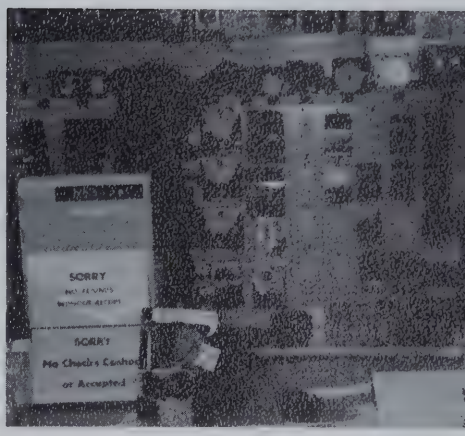
Miss Baker, Vocal Director.

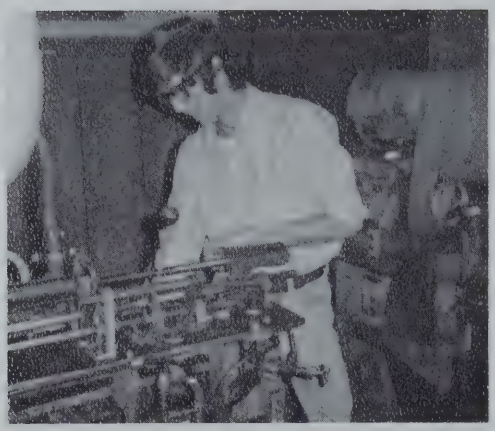
The Vocal Music Department consists of two mixed ensembles in the junior high and two distinct ensembles in the senior high. The Concert Choir of about one hundred singers, who's primary functions are the Christmas Concert, and the Spring Concert. The Choraleers, the smaller, selective ensemble that performs throughout Western Massachusetts. Some of the functions they perform are the: M.M.E.A. District Festival and All State Festival, the elementary school tour. They also sing for various community groups. This year the two groups will combine to present *The Sound of Music*.

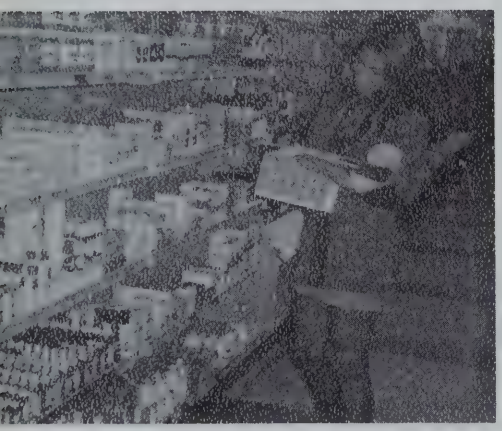
independent and

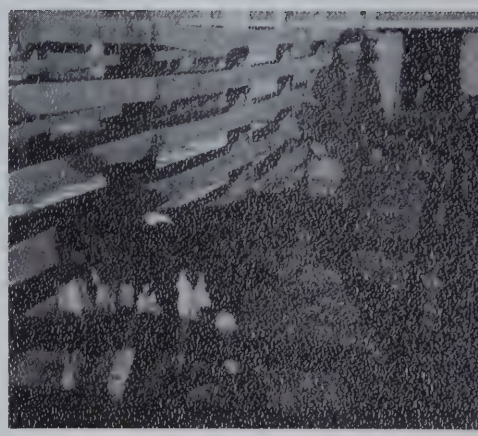


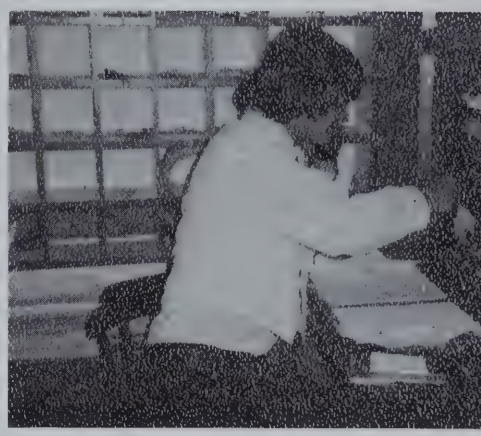
work study

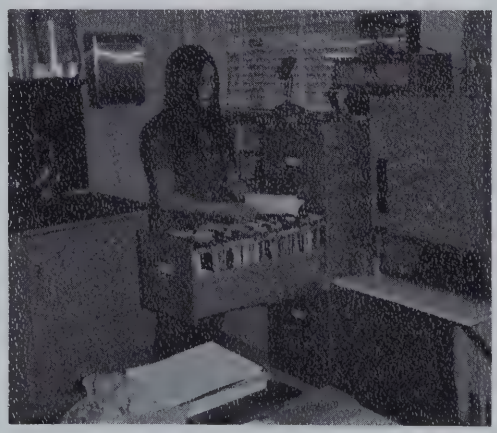








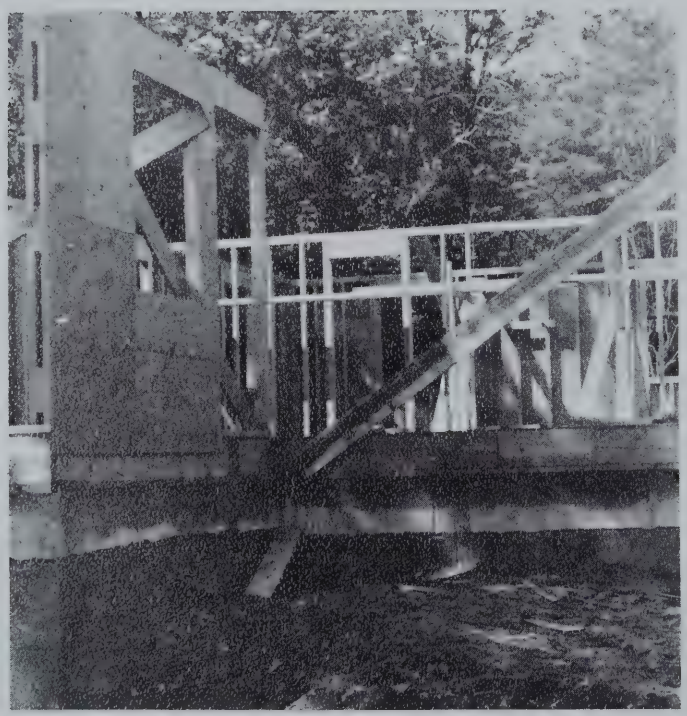




The Work-Study Program is designed for vocationally-oriented students who are not getting maximum benefit from the regular academic program. It is designed for the purpose of learning as much as it is possible for the employer to provide in the nature of job information, skills, and attitude.

The Independent Study program was started two years ago for a number of reasons. Firstly, it was felt that a program was needed that would allow students the freedom to investigate areas of interest that were not offered in the school's curriculum. Secondly, it was felt that students in the program would be assuming the full responsibility of learning. Both of these programs are under the direction of Mr. Robert Shilansky.

VOCATIONAL



HOUSE

Some of the guys who helped.

Each year, the Carpentry Students in grades 11 and 12 of the Tantasqua Regional Vocational High School build a house for a qualified resident of one of the five towns of our district. This year's house is the sixth house built by the Vocational students, it is located on Sizer Drive, Wales, Mass.

In order to be eligible, the applicant must have resided in one of the five towns for a minimum of three consecutive years. The applicant must fill out and submit a questionnaire together with a complete set of house plans, to the office of the Superintendent of Schools. The necessary regulations will be given thru the Office of the Superintendent or through the Office of the Vocational School. The final decision as to whom the house will be built for is made by the Tantasqua School Committee.

IMAGINE
IF...

"I'm worried, I'm unhappy. I feel inadequate so often, hopeless, defeated, afraid.

Or again I'm so filled with delight I want to run into the streets proclaiming, "Stop, world, listen! Hear this wonderful thing."

So often this year the 1973 TANTASQUAN staff has felt this way. One moment being very distressed about meeting a deadline or having pictures arrive on time. The next moment being overjoyed with a new idea for the yearbook or by the fact that the proofs returned basically the way you wanted them. The staff has learned a great deal about themselves and our school through the production of this yearbook. We hope next year's staff will learn as much and have as good a time as we did.

The 1973 TANTASQUAN staff would like to thank Bill MacAlpine, the Art Department, Don Lendry and DeCruz Studios. Special thanks to Christy Flor for the cover design and Mr. Kenneth Blake for being there when we needed him.
